MSL Motor Excess Protect

Policy Excess Insurance

**Relax. We've got
your back**

If you're unfortunate enough to be involved in an accident, why risk being out of pocket?

Many people opt for high voluntary excess payments in order to keep their car insurance premiums low. New drivers often have high excess payments imposed upon them. Whatever your situation, if you're involved in an accident then your excess will need to be paid before you're mobile again.

MSL Motor Excess Protect is a flexible insurance policy for privately owned cars and motorbikes, designed to reimburse your excess following the successful payment by your insurer of a claim arising as a result of:

- Fire, theft or vandalism
- An accident that was your fault or partially your fault
- Where within six months you are unable to recover your excess from a liable third party

The MSL Motor Excess Protect policy offers:

- Multiple claims up to the sum insured
- No age restrictions
- Variable levels of cover to suit your needs

All of the above is subject to the terms, conditions and exclusions of the policy.
